Certificate of Nursery Inspection

This is to certify that in accordance with the Nursery
Inspection Act, passed by the Forty-seventh General As-
sembly, the Nursery Stock of the **H. W. Jenkins Nursery**,
at Boonville, Cooper County, Missouri, was inspected July
15, 1915, by a duly authorized inspector, and found appar-
ently free from dangerously injurious insects or plant dis-
eases. Valid until July 1, 1916, unless sooner revoked.

L. HASEMAN, Entomologist and Chief Inspector.
K. C. SULLIVAN, Deputy Inspector.

PERSONAL

To My Old Customers and Prospective New Ones

Twenty-five years ago—spring of 1891—your writer offered his first trees and plants for sale here at Boonville, and has been at it more or less ever since (except three years at Plattsburg, Mo., and then in the same business) and our reputation good or bad should be well known, for every man who lives that long in one community is sized up by the public at about his true value, so anyone can easily determine whether it is safe, sane business to trust the filling of their orders for Nursery Stock to my care.—A thing no man should do unless he has confidence in the man who fills his order. My facilities for handling trees and plants are better than usual. A new packing house and cellar has been built the past season, and our stock handled this spring will be fumigated with hydrocyanic acid gas in compliance with state laws; so there will be no danger of your getting San Jose Scale.

Remember, I employ no agents to bother you or me. Just two parties concerned, the seller and the buyer. So if any mistakes or errors occur they can be easily traced up and corrected.

My stock for this spring was never better and prices are made as low as reliable stock can be grown and handled and leave any profit for the work and care and responsibility it takes to carry on a reliable Nursery business.

Awaiting your commands,

H. W. JENKINS

SMALL FRUIT PLANTS

INDEXED.

STRAWBERRIES

The first berry to ripen. The most attractive, highly colored, delicious berry grown. One that every owner of a lot or farm should grow for his table. Only a few varieties are offered, such as has proven profitable by actual test here in Central Missouri, and can be relied on to give satisfaction. Varieties marked P. (or pistilate) are female blossoms; those marked S. (or staminate) are male blossoms. These should be planted in right proportion to fertilize the bloom. When selection is left with me, I will send the right proportions of each. My plants for this spring are good strong plants, grown on new land.

VARIETIES	Doz.	100	1000
Bubach, P. , the largest berry grown: plant vigorous and productive.....	25c	75	\$5.00
Warfield, P. , medium size, dark red, very productive; makes lots of plants.....	25c	50c	\$4.00
Haverland, P. , large berry, productive, one of the best	25c	75c	\$5.00
Senator Dunlap, S. , a large deep red berry, hardy, early and productive, good fertilizer.....	25c	50c	\$3.50
Gandy, S. , very late, large, firm, vigorous plant maker not very productive.....	25c	75c	\$5.00

Fifty of my strawberry plants will make a larger package than one hundred Michigan plants.

RASPBERRIES

Raspberries follow strawberries in succession of ripening. They are divided into two classes or families. The reds propagate from the roots like blackberries; the black caps propagate from the tips of canes. Both are worthy of cultivation.

VARIETIES	Doz.	100	1000
Kansas , very early, deep black, ripens its crop all in a few days.....	25c	\$1.00	\$8.00
Cumberland , late, large and productive, the best	30c	\$1.25	\$10.00
Cuthbert , strong grower, large berry, productive, the best red.....	25c	\$1.00	\$8.00
St. Regis , ever bearer, produces a crop on tips of new canes. small and good quality.....	50c	\$2.00	

Only have a few plants of St. Regis.

BLACKBERRIES

The varieties offered ripen in succession, extending the time from the 10th of June to the middle of August.

VARIETIES	Doz.	100
Early Harvest, early and prolific.....	25c	\$1.50
Kenoyer, ripens same time as Early Harvest, larger but not as productive.....	25c	\$1.50
Snyder, hardy, never winter killed, productive, medium size berries.....	25c	\$1.50
Mersereau, very large and fine, late and productive.....	30c	\$2.00

GOOSEBERRIES

Houghton and Downing are the standard varieties.

Houghton, medium size, prolific.....	10c each
Downing, large size.....	10c each

GRAPE VINES

The following varieties are all good ones and will give satisfaction if rightly cared for.

VARIETIES	Each	Doz.
Moore's Early, black, early, same size as Concord	10c	\$1.00
Concord, the most popular grape grown.....	10c	\$1.00
Niagara, early and large, the best white.....	10c	\$1.00
Worden, very early and large, sweeter than Concord....	10c	\$1.00
Brighton, early, medium size and very sweet, fine table..	15c	\$1.25
Goethe, late, large size, red, better than California.....	15c	\$1.50
Woodruff, a fine red table.....	15c	\$1.25
Virginia Seedling, medium size, a wine grape.....	15c	\$1.50

GARDEN ROOTS

Rhubarb and Asparagus are two things that come early and never fail.

	Each	Doz.	100
Rhubarb, Myatts Linneas, 2-year roots.....	10c	\$1.00	
Rhubarb, Victoria, 2-year roots.....	10c	\$1.00	
Asparagus, Giant Argenteuil, new variety.....	25c	75c	
Asparagus, Conover's Colossal, old variety.....	25c	75c	
Asparagus, Palmetto, strong grower.....	25c	75c	

FRUIT TREES

These trees are true to name and as good a lot of trees as can be found anywhere. **Your money returned if not satisfied.**

Ornamental Hedges: California Privet and *Berberis Thunbergii*, and ornamental trees such as *Catalpa Bungeii*, Teas Weeping Mulberry, Norway Maple, Caroline Poplars and Evergreens.

I find by experience that it does not pay me to keep these in stock but will furnish them to customers at reasonable prices when ordered in time.

Note

The trees and plants offered for sale in this small price list are good, healthy, vigorous stock, that have been well grown and will be delivered to you in good condition. Your success with them will depend entirely on yourself in how you care for them. They will not take care of themselves. No extravagant descriptions have been indulged in, or high colored pictures calculated to deceive have been used, to persuade you to buy. Nothing permanent is gained by deception, and your trade is solicited on the basis of plain, honest dealing, backed by an experience of 25 years in the business here at Boonville.

Terms of Sale

Where listed by the Doz. 100 or 1000; will furnish one-half of these amounts at same rate. All stock guaranteed in good condition on delivery and true to label. I do not claim infallibility should any errors occur or varieties prove untrue to name, will either replace or refund the original price, but not responsible for any failure caused by conditions over which I have no control. Orders from strangers must be accompanied by cash or good references. All claims for shortage or damage must be made in ten days from date of shipment.

H. W. JENKINS, Boonville, Mo.

Unsolicited Genuine Testimonials

Columbia, Mo., June 23, 1915.

"The crate of black and red blackberries duly received like everything we have gotten from you. These berries were of A-1 quality and boxes well filled." W. L. Nelson, Asst. Secy. State Board of Agri.

Shawnee, Ok., July 2, 1915.

"The cherries came through to Mr. Hill in fine condition and he is mighty well pleased." A. J. Fluke, cashier Shawnee National Bank of Commerce.

Blackwater, Mo., June 11, 1915.

"Many thanks for the beautiful cherries; find check enclosed." Mrs. O. H. Harris.

Nelson, Mo., May 25, 1915.

"Please find check enclosed for berries. They were certainly fine." C. P. Williams.

Columbia, Mo., July 8, 1915.

"The crate of red raspberries arrived yesterday evening in good condition; am very well pleased." Mrs. L. D. Haight.

Clarksburg, Mo., November 13, 1915.

"Trees came in good shape; am well pleased." J. W. Albins.
